---

## Skills

Free writing, Customer Service, Copywriting, C, C++, Python, MongoDB, Wordpress, HTML, CSS, spoken and written English and Nepali.

---

## Experience

---

### **Customer Service Associate / Daraz Kaymu Pvt. Ltd.**

October 2023 - December 2023, Thapathali

Worked a 2-month contract for Daraz as a Customer Service Associate, namely in the 'Live Chat' feature. It tested and brought forth my issue resolution and problem solving skills.

---

## Education

---

### **The Chandbagh School / SEE**

2011 - April 2020, Bansbari

In the Chandbagh School, I got to explore my options and decide what I wanted to do when I grew up. With the people around me and my teachers above me, I found much to take with me. I finally decided to study Computer Science when I graduated in 2020 with 3.80 CGPA.

### **Kathmandu Model Secondary School / +2**

2020 - April 2022, Bagbazaar

I entered KMC with an expectation to fulfill. In the big pool of fishes that KMC has always been, I found people with matching interests really easily. I studied Physical Science with Computer Science as the second optional subject. I graduated with 3.05 CGPA.

### **Kathford International College / BSc. CSIT**

January 2023 - 2026, Balkumari

I decided to pursue Computer Science studies under Tribhuvan University for the reason that this course is more liberal than other courses that foreign universities provide. I am currently in my fourth semester of the BSc. CSIT program.

---

## Awards

Awarded Grade 'B' (173/200) in 2018 Cambridge FCE Exam.
